

## **Screening Questions**

**Do you have any of the following new or worsening symptoms or signs?**

**1. Are you currently experiencing any of these new or worsening symptoms, not related to known causes or conditions that you already have?**

- 1. Fever and/or chills**
- 2. Cough or barking cough**
- 3. Shortness of breath or difficulty breathing**
- 4. Decrease or loss of taste or smell**
- 5. Muscle aches/joint pain**
- 6. Extreme tiredness**
- 7. Sore throat**

- 8. Runny or stuffy/congested nose**
- 9. Headache**
- 10. Nausea, vomiting and/or diarrhea**

**2. Are you required to self-isolate based on current public health guidelines based on your symptoms or someone in your household having symptoms?**

**This could be because you are symptomatic and presumed covid positive, have tested positive on a rapid antigen test or live with someone who is either symptomatic or tested positive.**

- If you are fully vaccinated, you must self-isolate from symptom onset for 5 days or until symptoms have been improving for 24 hours (or 48 hours if gastrointestinal symptoms) whichever is longer in duration.**
- If you are not fully vaccinated or if you are immune compromised, you must self-isolate for 10 days from symptom onset.**

**3. Have you been identified as a “close contact” of someone outside of your household, who currently has COVID-19 (confirmed by a PCR or rapid antigen test)?**

**Close contact means that you were in close proximity (less than 2 metres) to the individual for at least 15 minutes or for multiple short periods of time without appropriate measures as masking and use of personal protective equipment.**

- If you are fully vaccinated, do not live with the close contact and have no symptoms, answer no and self-monitor for symptoms. Questions 1 and 2 address household and symptom requirements.**
- If you are not fully vaccinated and are not living with the person answer yes and isolate for 10 days as required by current public health guidelines.**

**4. In the last 14 days, have you travelled outside of Canada?**

If exempt from federal quarantine requirements as directed by the border agent at your point of entry (for example, you have two or more doses of a COVID-19 vaccine and have met the specific conditions, or an essential worker who crosses the Canada-US border regularly for work), select “No.”

**IF YOU ANSWER YES TO ANY OF  
THESE QUESTIONS,  
PLEASE DO NOT ENTER THE  
BUILDING**
